Choosing your health plan

We offer a variety of plans to help fit your needs and budget. All of them offer the same quality care, but the way they split the costs is different.

Copay or coinsurance plans

Copay or coinsurance plans are the simplest. You know in advance how much you'll pay for care like doctor visits and prescriptions. This amount is called your copay. Your monthly premium is higher, but you'll pay much less when you get care.

Deductible plans – silver, bronze, and minimum coverage

With a deductible plan, your monthly premium is lower, but you'll need to pay the full charges for most covered services until you reach a set amount, known as your deductible. Then you'll start paying less – a copay or coinsurance. Depending on your plan, some services, like office visits or prescriptions, may be available at a copay or coinsurance before you reach your deductible.

HSA-qualified high deductible health plans – silver and bronze

HSA-qualified deductible plans are deductible plans with a special feature. With this plan, you can set up a health savings account (HSA) to pay for health costs like copays, coinsurance, and deductible payments. And you won't pay federal taxes on the money in this account. You can use your HSA anytime to pay for care, including some services that may not be covered by your plan, such as eyeglasses or adult dental.¹² And if you have money left in your HSA at the end of the year, it will roll over for you to use the next year.

Example of your costs for care

Let's say you hurt your ankle. You visit your personal doctor, who orders an X-ray. It's just a sprain, so the doctor prescribes a generic pain medication. Here's an example of what you'd pay out of pocket for these services with each type of health plan.

Plan name	Office visit	X-ray	Generic drug
KP Gold 80 HMO Coinsurance (no deductible)	\$35	\$75	\$15*
KP Silver 70 HMO 2850/50 (\$2,850 deductible)	\$50	\$70 after deductible	\$20*
KP Bronze 60 HDHP HMO (\$7,050 deductible)	No charge after deductible	No charge after deductible	No charge after deductible

*Mail order: Up to a 100-day supply of qualified prescriptions for the cost of a 60-day supply.

The cost estimates above are from kp.org/treatmentestimates. Visit this site anytime to get an idea of what the charges for common services might be before you reach your deductible.

Do you qualify for financial help?

You may be eligible for federal or state financial assistance to help you pay for care or coverage. Visit buykp.org/apply for details.

Annual deductible

You need to pay this amount before your plan starts helping you pay for most covered services. Under this sample plan, you'd pay the full charges for covered services until you reach \$5,400 for yourself or \$10,800 for your family. Then you'd start paying copays or coinsurance.

Annual out-of-pocket maximum

This is the most you'll pay for care during the calendar year before your plan starts paying 100% for most covered services. In this example, you'd never pay more than \$9,100 for yourself and no more than \$18,200 for your family for your copays, coinsurance, and deductible in a calendar year.

Preventive care at no charge

Most preventive care services—including routine physical exams and mammograms—are covered at no charge. Plus, they're not subject to the deductible.

Covered before you reach the deductible

With some services, you'll only pay a copay or coinsurance, regardless of whether you've reached your deductible. Under this plan, primary care visits are covered at a \$50 copay—even before you meet your deductible. With our Silver deductible plans, primary care, specialty care, and urgent care visits all are covered before you reach the deductible.

Coinsurance

After reaching your deductible, this is a percentage of the charges that you may pay for covered services. Here, you'd pay 30% of the cost per day for your inpatient hospital care after you reach your deductible. Your plan would pay the rest for the remainder of the calendar year.

Copay

This is the set amount you pay for covered services, usually after you reach your deductible. In this example, you'd start paying a \$50 copay for urgent care visits

*Mail order: Up to a 100-day supply of qualified prescriptions for the cost of a 60-day supply.

†Optical promotions and other services shown may be provided by groups other than Kaiser Permanente, and aren't offered or guaranteed under your coverage. Additional fees you pay won't count toward your deductible or out-of-pocket maximum.

- All adult children 21 through 25
- Your 3 oldest children under 21

If you have more than 3 children under 21, you only need to pay for the 3 oldest. The other children under 21 will be covered at no charge.

Optional adult dental insurance plan

Kaiser Permanente's optional adult dental insurance plan is a great value. Choose from more than 25,000 Delta Dental providers, or select another dentist of your choice. Your Kaiser Permanente health plan includes pediatric dental benefits for child members until the end of the month in which the member turns 19.

How the plan works

- **No deductible for preventive services.** The deductible is the amount you pay for covered services each year before Delta Dental starts paying. With this plan, there's no deductible for preventive or diagnostic services like cleanings and X-rays. For other services, there's a \$25 annual deductible per person, up to a maximum of \$75 for your whole family.
- **Cost savings.** You'll usually pay the least when visiting a Delta Dental PPO provider, so take advantage of the over 12,000 Delta Dental PPO dentists in California. If you don't visit a Delta Dental PPO dentist, remember that you also have access to dentists in the Delta Dental Premier network. You'll usually pay more to see a Delta Dental Premier dentist than a Delta Dental PPO dentist but less than if visiting a non-Delta Dental dentist.
- **Coverage for the whole family.** If you enroll, every adult on your health plan must also be enrolled. In other words, you can't choose to enroll some members of your family in the dental plan and not others.
- **Annual maximum.** The plan will pay up to \$1,000 toward dental services for each covered member per year.

- **Waiting periods.** Some dental services are subject to a waiting period before the plan will cover the charges. See the Table of Allowances in your *Certificate of Insurance* for the specific dental services subject to waiting periods.

How to enroll

To request enrollment in the optional adult dental insurance plan, simply check the right box on your application.

- If you choose not to enroll at this time, you won't be able to enroll again until your next open enrollment period.
- Dental coverage can only be purchased if you enroll or are currently enrolled in a Kaiser Permanente health plan.
- Once enrolled, you can't cancel your dental coverage without canceling your regular health coverage, unless you make the change during open enrollment or a special enrollment period.
